

PORTO KRETA

AUTOMATIC ETHANOL FIREPLACE

Net Zero fireplace with the BEV Technology®

AUTOMATIC BEV® BURNER

The automatic burner with the patented BEV Technology® is the most advanced product in the industry ensuring the cleanest burning process without any smoke, smell or ash. The flame is produced by combusting ethanol vapours and has no direct contact with the liquid fuel.

OUTDOOR AUTOMATIC FIRE

A new level of automatic ethanol fire.
With the electronics sealed in a watertight compartment, Porto can be used in outdoor spaces as it is fully resistant ti
rain and humidity.

FLAME CONTROL

Have control over the fire and take advantage of the 6-stage flame height regulation.

HYBRID STONE BY COSENTINO

The fireplace is enclosed with the highlyrenowned Dekton Kreta textured panels by Cosentino. This high-density hybrid surface is made of fine minerals making it an extremely durable and scratchresistant surface. It has an elegant matte look, making it an eye-catching decoration in any space.

INTEGRATED CONTROL PANEL

The built-in control panel guarantees intuitive and easy control of the fireplace.

EASY REFILLING SYSTEM

The system automatically supplies the fireplace with the necessary amount of fuel. When the tank is empty, all you have to do is insert a new one.

REMOTE CONTROL

Control the fire with the included remote or mobile app on your smartphone.
