

SCANDI AUTOMATIC ETHANOL FIREPLACE

Net Zero fireplace with the BEV Technology®

AUTOMATIC BEV[®] BURNER

The BEV Technology[®] guarantees a burning process that is completely free of smoke, odor, or ash. This technology creates a flame by burning ethanol vapors, ensuring that the fire has no direct contact with the liquid fuel.

FLUE CONNECTION Connect flue to distribute warm air

EYE-CATCHING BURNER As an option, Polaris can be decorated with realistic logs, enhancing cozy atmosphere in any room.

EASY REFILLING

When the tank is empty, all you have to do is open the hinged door and replace the fuel canister with a new one.

Easily control your fireplace with the handy remote. You're in charge of the flames. Go for ECO mode for a cozy, gentle flame, or crank it up to enjoy the full splendor of the fire.

All product specifications and data are subject to change without notice and are believed to be accurate as of the date hereof. Planika Sp. z o.o., its affiliates, agents, and employees, and all persons acting on its or their behalf (collectively, "Planika Sp. z o.o."), disclaim any and all liability for any errors, inaccuracies or incompleteness contained in any document or in any other disclosure relating to any product. To the maximum extent permitted by applicable law, Planika Sp. z o.o. disclaims any and all liability arising out of the application or use of any product.
