### WATER VAPOUR FIREPLACE

## Net Zero fireplace with Optimyst® technology

#### **OPTIMYST® TECHNOLOGY**

The technology utilizes ultra-fine water mist produced by a silent ultrasonic atomizer. The mist is illuminated by LED lights, creating a convincing illusion of flames and smoke.

#### **INSTANT CHARM**

Freestanding design - simply place it in your chosen space and let its cozy steam embrace your surroundings. Perfect for those seeking ambiance without the fuss, this pint-sized addition promises instant charm in any space.

#### **EASY REFILLING**

Cool Flame features a convenient water dispensing mechanism that works with filtered tap water. The removable water tank can be easily taken out, refilled and put back in place, ensuring simple operation and maintenance.

#### AROMATHERAPY KIT

Enhance the experience with an aromatherapy kit, featuring three elegant oils: Cashmere, Sweet Orient and Sandalwood. Simply light the fireplace, and enjoy the soothing scents wafting through your space.

#### **REMOTE CONTROL**

The remote control feature designed for your convenience. With a practical remote, you can easily control all the features of your Cool Flame fireplace without having to get up from your couch.

#### SOUND OF CRACKLING WOOD

Includes a realistic wood crackling sound effect, enhancing the experience of a traditional fire. Cool Flame comes with an optional log set, ensuring the authentic fireplace experience and adding an extra touch of traditional charm to your fireplace.
